<b>Material</b>	plastic
<b>Special features</b>	no "string bend" - tuning is not affected; simple and fast to mount
<b>Type</b>	black
<b>Weight</b>	0.074 kg

Capo in plastic for nearly all six and twelve string guitars with flat or slightly curved fingerboards. The capo is distinguished by its quick and uncomplicated ease of use. The clamping pressure is adjusted with a screw dial. There is no "string bend" due to a linear clamping action, so tuning is not affected. No pre-setting necessary - simple and quick to mount on other frets.
